After three days of southerly winds blowing from 7 to 10 m/s [15 to 22 mph] and cloudy to partially cloudy skies, Rolf Kellenberger at the helm of SUI 226 with his crew composed of Andreas Kindlimann and Christoph Gelsdorf wins the 2012 edition of the Alpen Cup in Torbole accumulating 16 points in 8 races with one drop.

Second with 24 points, Bernard Haissly SUI 214 and finishing third, Hans-Peter Schmid SUI 213 with 25 points.

As usual, the first event of the North Hemisphere 5.5 Class season hosted in Italy was a great success thank to [Circo Vela Torbole](#) and its team of dedicated race committee personnel. Great ambiance, great sailing, happy sailors!
